

TEFL/TESOL

Teach Abroad - SE Asia

Voted the best TEFL/TESOL provider in
Southeast Asia in 2022

INTRODUCTION

Teaching abroad can be an absolutely life-changing experience, not only for you as a teacher but for all of the students you'll connect with as well.

However, what happens all too often is that unprepared teachers are overwhelmed by the rigours and unique challenges of being in charge of an ESL classroom.

This negatively impacts not only their own experience abroad but their students' experience learning English. That's what we're here to change!

We have training centres in the following SE Asia locations:

-  **Bangkok, Thailand**
-  **Siem Reap, Cambodia**
-  **Bali, Indonesia**

In all of our locations, our intensive 140-hour TEFL certification course will equip you with the strategies, techniques, and frameworks you need to make an impact in the classroom, and in the lives of your students!

Prepare yourself to teach with **TEFL TRAINING**

Because teaching isn't easy

But it IS really important

WHAT IS A TEFL?

Our TEFL is a 140-hour training for teaching English to non-English speakers, including observed in-classroom practice classes with real Asian students.

Upon completion, you'll have the skills and confidence to make a real impact in the classroom. You'll also have an internationally accredited teaching certification valid all around the world!

OUR COURSE COVERS

- Language acquisition strategies
 - Student-centered lesson planning
 - Engaging and fun activities
 - Pronunciation modification
 - Classroom management
 - Language grading & modelling
 - Developing EQ and empathy
 - Educational philosophy
- ... AND MUCH, MUCH MORE!*

What will I learn during the TEFL/TESOL course?

Local Asian Culture

Our course includes cultural orientation aimed at providing a better understanding of the local culture both in and outside of the workplace.

It also includes a culture tour, and even local language classes!

We believe this to be just as important as our technical training!

Topics

- Teaching techniques
- Classroom management
- Lesson planning
- Preparation in real classroom

Teaching Techniques

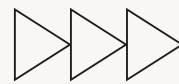

- Teaching techniques - we provide you with models to teach beginners as well as advanced students, young learners, and adults
